PROFESSIONAL PROFILE

Computer Science student at the University of Ibadan with practical experience in web development. Skilled in building responsive and user-friendly websites using HTML, CSS, JavaScript, Bootstrap, PHP and MySQL. Currently developing further skills in React Native and mobile application development, with a strong interest in learning new technologies and creating practical digital solutions.

EDUCATION

University of Ibadan — B.Sc. Computer Science

300 Level | Expected Graduation: 2028/2029

SIWES / PRACTICAL EXPERIENCE

Atria Analytics Limited — Web Development Intern / SIWES Student

June 1 – August 7, 2026

- Gained practical experience in web development.
- Developed responsive web pages using HTML, CSS, JavaScript and Bootstrap.
- Practiced database-driven web development using PHP and MySQL.
- Worked on practical web development projects while strengthening programming and problem-solving skills.

TECHNICAL SKILLS

HTML	CSS	JavaScript	Bootstrap
PHP	MySQL	AJAX	React
React Native	Responsive Web Design	Database Management	

PROJECTS

FurnitureHub — Furniture E-commerce Website

Designed and developed a responsive furniture website with product listings, showroom interfaces and interactive product features using HTML, CSS, JavaScript and Bootstrap.

Student Profile System

Developed a student information system using PHP and MySQL, including forms for submitting, storing and displaying student information.

React Native Mobile Application

Worked on a mobile application using React Native while practicing Android development, device connection and application deployment.

Farming Website

Worked on an agricultural web application concept using PHP, MySQL, JavaScript, AJAX and Bootstrap, focusing on dynamic and responsive web functionality.

CAREER OBJECTIVE

To continue developing my skills in software and web development while gaining practical experience through academic, internship and professional opportunities, and to contribute to meaningful technology projects while growing into a skilled software developer.
